Mr. Refinance:

In an effort to serve you and provide you the opportunity to take advantage of very narrow windows of low interest rates, we have created an exclusive service which is designed to help you protect yourself from losing thousands of dollars in cost-saving opportunities. Interest rates can and do move very quickly! By signing up for this exclusive service your ability to lock a target rate in a short window of time becomes greatly enhanced.

Sign up today to take advantage of this service and protect yourself from costly market volatility!

By signing this agreement I authorize Chris E. Williamson of Guarantee Mortgage to lock my "target" rate when it becomes available. I understand that Chris E. Williamson and Guarantee Mortgage will do their best to lock my target in a reasonable and timely fashion but recognize there are limitations inherent to rapidly changing market conditions and availability to respond to my target rate request.

Please read, sign and fax the agreement to (866) 374-4953.
